SC PERFORMANCE GOAL

2010 Goal:
By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:
By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Marshall Elementary School's mascot is the bumblebee. Its ability to fly defies the theory of aerodynamics and achievement of the impossible. Students, parents, faculty, and staff at Marshall are demonstrating daily, the ability to reach for the impossible. We work hand in hand to achieve success; create an innovative, exciting learning environment; lead by example; and face challenges knowing that we can achieve the impossible.

During 2008-2009 school year, we have definitely demonstrated our ability to spread our wings and fly. Four students on the school's Mathfest team were state champions. Our robotics team received various awards in the district-wide robotics competition. Students participated in both a Choral and Instrumental Clinic and received a rating of superior in both categories. Understanding the importance of helping those in need, and placed second in the district-wide March-of-Dimes competition. The title of "District Volunteer of the Year" was awarded to a Marshall parent.

In addition, we continue to celebrate the accomplishments of our students who achieve the honor of Principals List (all A's) with a Principal's Dinner. Students on Honor Roll and with Perfect Attendance are recognized quarterly. Students demonstrating "Bee Attitudes" receive incentives such as "Morning at the Movies" or lunch at a local restaurant.

Marshall Elementary School understands that in order to continue on our flight and achieve all goals, we must be a true learning community for all stakeholders. Teachers and staff are participating in training and inservices across the curriculum, and are constantly analyzing data. Data results are the driving force behind our instruction and for making positive decisions.

Although we are taking flight and achieving success, we realize the constant need for growth and improvement. Our data indicates a strong need to focus on mathematics. The school is in the process of creating a plan of action to address this area of weakness. Parental involvement remains a concern at Marshall. Our School Improvement Council administered a survey to parents in order to identify their needs. The results indicated that many of our parents would like the school to offer Saturday Workshops. We will be implementing this strategy during the upcoming school year.

With the determination of all "bees" working together, we will continue to take flight and reach the level of success deemed impossible!
